GOING CURL

get great texture and waves in a snap

Looking for a change from those stick-straight locks? Then you've got to try One Minute Scrunch & Curl, a three-step system to pretty waves and curls. Sophisticate's has the detailed scoop right here—and the chance for you to try this nifty product.

What It Is

We're seeing tons of texture everywhere—from the runways to the red carpet to the streets in every city. Now you can create your very own wavy mane at home, thanks to One Minute Scrunch & Curl. From the creators of One Minute Makeover, Scrunch & Curl is a three-step system that uses your own blow-dryer to imbue locks with pretty waves.

The kit comes with a Curl Forming Creme, a Scrunch Glove and a wide-tooth comb, all specially designed to help form beautiful curls and waves on even naturally straight hair.

How It Works

The Scrunch & Curl Curl Forming Creme primes damp locks for curl readiness and helps form softer curls that last longer. A special glove is then used to scrunch hair while blow-drying. The glove is specially designed to absorb water and protect your hand from the heat of the blow-dryer. It also acts as a "convection oven," quickly drying the hair by rotating the heat through your cupped hand. Because the hair is drying quickly, it's "freezing" the curl you've created with the scrunching. The whole process takes no longer to do than if you were blow-drying your hair normally!

step-by-step

scrub & curl YOUR QUESTIONS ANSWERED

Q: How long will the curls last that I create with Scrub & Curl?

A: Those pretty curves will stay put for up to two days until you wash them out. Of course, curls can be affected by hair type, weather conditions and other products you use, just like natural ringlets.

Q: How much does the system cost, and what's included?

A: Each Scrub & Curl kit comes with One Scrub & Curl Creme, a Scrunch Glove and a Styling Comb. The creme needs to be washed for reuse, and the creme will last up to 100 washes depending on how much you use. You can also buy a Finishing Spray to help secure curls.

Q: Where can I buy Scrub & Curl?

A: You can call 1-800-633-8488 or check out

Dear Catherine,

I think your Scrunch Glove is awesome!!!! There is just nothing else like it, anywhere! Who could have ever thought that something so simple as a glove could transform straight, lifeless hair into hundreds of glorious curls! And what's more----it's sooo easy to use! I am a BELIEVER!

Subject: Re: Vogue Magazine SCRUNCH GLOVE

To Whom it May Concern,

It had been my privilege to use Scrunch and Curl this last year. I have been doing hair for fourteen years and have not found a product that was so client friendly. Many times you can style a person's hair and try to teach them how to do it themselves and when they get home they do not get the same results. I have tried this product on friends, family and clients. They have come back to me time and time again, saying how easy it was to use and how they have shown their friends and have done their own children's hair. One of the main products is the glove. I have found the glove to be comfortable and an easy fit to anyone's hand. The material is thin enough to be able to manipulate the hair into the correct style and yet be a protective cover from over heating. It has multiple uses for drying as well as styling the hair. In the past I have done my hair in a curly fashion and had to use so much more product to get the results that I get with Scrunch and Curl. It is a simple and non complicated way for people to have the perm look without the perm damage. There are so many variations one can do with this product whether it is a tight curl or a relaxed wave. I have been impressed and happy to use Scrunch and Curl and will keep suggesting it to my cliental.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
